## 2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

The first school in Corona opened in October, 1889 serving 1st-12th grade students. In 1911, the need for a separate grammar school emerged, thus giving birth to Lincoln School. Lincoln School remained at the original location until a new building was built in 1950 which remains the site of our campus today. In 1979, the newly elected Board President set a goal of establishing a fundamental school philosophy or viable alternative that would meet the “Back to Basics” mandate of the community at the time. By April 1981, the Board took action to convert Lincoln Elementary School to a District Alternative K-6 school. Lincoln opened its doors as an Alternative magnet school that emphasized basic academic subjects with more time being spent on reading, writing, and arithmetic. Some additional “distinctive elements” were stressed including parents signing a contract to support the school’s policies, penmanship, strict homework policies, traditional values, competition, hard work, patriotism, and respect for authority. As a result of the popularity of the program, by 1989, parents could be found camping out in front of the school in April trying to ensure their incoming kindergartners secured a spot at Lincoln Alternative. Over time, the campouts gave way to a newly adopted lottery system that was employed in 1996. This system was designed to guarantee an equal chance for all students to gain access to the school, not just families with the resources to camp out for several days prior to registration. For decades, Lincoln has enjoyed the reputation of being one of the highest academically achieving schools in the district. The students at Lincoln not only perform well in the classroom, but they represent the school well in Science Fair, History Day, Math Field Day, Track and Field, and other elective events. As a result, families continue to desire Lincoln as the school of choice for their children. While many of our students could be considered legacy students since they come from a family where students have been attending the school for generations, our school also serves many of the students that live in the neighboring community.

Lincoln Fundamental is committed to academic excellence and student development. This comprehensive overview highlights the school's recent transition to an International Baccalaureate Primary Years Program (IB PYP) Candidate school. This shift reflects our dedication to fostering a globally-minded learning environment, emphasizing inquiry-based teaching methods, and promoting the development of well-rounded, internationally aware students. The integration of the IB PYP framework enhances our curriculum, ensuring students receive a holistic education that prepares them for a diverse and interconnected world.

#### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	28.00	100.00	1991.10	92.84	234405.20	84.00

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
<b>Total Out-of-Field Teachers</b>	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum are aligned to the California State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's eight-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, September 5, 2023, the Corona-Norco Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution No. 37 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2023-24 school year, Corona-Norco Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

## School Facility Conditions and Planned Improvements

The district's maintenance department inspects Lincoln Fundamental Elementary School's on an annual basis in accordance with Education Code §17592.72(c)(1). Corona Norco Unified School District uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs.

The most recent school inspection took place on 4/20/2023. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2022-23, all restrooms were fully functional and available for student use at the time of the inspection.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	64	63	55	54	47	46
<b>Mathematics</b> (grades 3-8 and 11)	59	56	38	39	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## 2023-24 School Safety Plan

The Comprehensive School Safety Plan (CSSP) provides a comprehensive overview of our commitment to ensuring a safe and secure learning environment for all students and staff. The ZCSSP is a meticulously crafted strategy designed to address potential risks and emergencies. This plan reflects our dedication to maintaining a proactive and vigilant approach to school safety.

Key elements of our CSSP include detailed emergency procedures, crisis response protocols, and strategies for communication during critical incidents. We prioritize regular drills and training sessions to ensure that students and staff are well-prepared for various scenarios. Additionally, our plan incorporates measures for campus security, addressing issues such as access control, surveillance, and the presence of trained personnel. By regularly reviewing and updating the CSSP, we strive to adapt to evolving safety challenges and provide a secure foundation for a positive learning environment.

The CCSP was developed for Lincoln Fundamental Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan also include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff and approved by safe school committee in August 2023.

## Professional Development

All training and curriculum development activities at Lincoln Fundamental Elementary School revolve around the California State Standards. Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis, to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Lincoln Fundamental Elementary School supports ongoing professional growth throughout the year. Teachers meet with department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula. Lincoln Fundamental Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides and paraeducators are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Professional Learning is aligned to the CNUSD Strategic Plan and must have an area of focus in order to be financially supported at the district level. Academic Excellence, Student Well-Being, Equity, and Effective Governance are the four target areas of the Strategic Plan.

1. In 2021-2022, CNUSD had 272 professional learning titles with 737 sessions lasting from 1- 8 hours. CNUSD logged 11,718 staff members attending sessions throughout the year.

In 2022-2023, CNUSD had 265 professional learning titles with 671 sessions ranging from 1- 8 hours, depending on the training and the setting. CNUSD logged 11,512 staff members attending sessions throughout the year.

For 2023-2024, CNUSD plans 315 professional learning sessions ranging from 1-8 hours for certificated and classified. This includes several training sessions accessed by every educator during teacher training days.
